## RETAILER OPPORTUNITY

### MY STORY

Hi, I'm Jasmine! I launched Mitso Magic, my microenterprise, in 2020. My business is built around my love for the creative arts, with images such as animals, flowers, places, spaces, birds, and people, all of which inspire my artwork. I paint and draw all my artwork, and I love experimenting with soft and bold colours and different textures. My designs feature bright and soft colours and bold and delicate lines, reflecting the world's diversity around me.

My mindfulness colouring-in book, my latest product, was designed to regulate and relax people when they need to unwind. I found colouring-in simple pictures to be self-regulating and calming.

I have always wanted to inspire others with disability not to be afraid to follow their dreams. We all have unique talents that can be fostered in positive ways. Everyone can add value to their community by sharing their unique talents and skills. With the incredible support of my family, close friends, and dedicated team, I've gained the confidence to pursue my dream of becoming a famous artist.

By becoming a retailer and supporting my business, you can help to support my dream while sharing my beautiful and meaningful products, created with love and dedication, within your local communities. You will also be supporting a local WA artist with disability and supporting that everyone in our inclusive community has the potential to create value.
